

- 8 The velocity of an object during the first five seconds of its motion is shown on the graph.

What is the distance travelled by the object in this time?

- A** 4 m                      **B** 20 m                      **C** 50 m                      **D** 100 m

- 9 The diagram shows a velocity-time graph for a mass moving up and down on the end of a spring.
