

10	(a) (i) strain gauge	B1	[1]
	(ii) piezo-electric / quartz crystal / transducer	B1	[1]
	(b) circuit: coil of relay connected between sensing circuit output and earth	B1	
	switch across terminals of external circuit	B1	
	diode in series with coil with correct polarity for diode	B1	
	second diode with correct polarity	B1	[4]
11	either quartz or piezo electric crystal	B1
